### Opis

The HIGHFIELD Sport 760 RIB is a combination of irresistible French design, light and very solid aluminum construction, perfect finishing and untouchable performance!

The 760 Sport is an innovative RIB that raises almost all standards (economy, handling, performance, practicality, design, etc.) to a whole new level. The modernly designed RIB brings top new solutions in combination with a solid and light aluminium construction and an excellent finish, it is ideal for sports, recreation or rent.

Several benefits it brings are:

- Lightweight and solid aluminum hull construction significantly contributes to the economy.
- Extremely deep V allows the dinghy to perform at top performance and achieve high speeds (over 45 knots).
- Modern design allows great convenience and top new solutions.
- Excellent performance thanks to aluminum construction.

- Environmental benefits of recycling.
- Hypalon material (ORCA 828) as one of the highest quality construction materials according to EU standards.
- The 285 Lit fuel tank allows an autonomy of 10-15 hours of driving on a single charge.
- The vessel is registered until 27.04.2022.
